Travel

Tourist traffic for the month of July for all practical purposes is the same this month as the last.

Visitors

Chief Ranger Jack Wade made an inspection trip to Hovenweep this month bringing with him a two-way short wave radio set and an electrician to install it. The set has given very good service since its installation.

There has been one group of Explorer Scouts here from Washington D. C. This group came while I was gone and I did not get to contact them. Among the other various visitors were seven Archeologists, three photographers, eighteen students, one priest, one postulate, one physiologist, several geologists - one from New Hampshire, a patent attorney, three teachers, one cook, and one turkey grower from California. One group stayed overnight - that was the group taken on the conducted tour.
