MEMORANDUM for the Commissioner, General Land Office.

This Service has a project in progress for fencing the Hovenweep National Monument which consists of four separate areas, two in Utah and two in Colorado. The Utah areas have been surveyed and boundary corners established but not the Colorado areas, and until this has been done the fencing cannot proceed.

The two Colorado areas are described as follows:

SW 1/4 NW 1/4 and Lot 4, Section 2;
SW 1/4 SE 1/4 and Lot 6, Section 3,
in T. 36 N., R. 20W., N.W.P.M., Montezuma County.

In consideration of your helpfulness in such matters on many occasions in the past, will it be convenient for your organization to accomplish the desired survey, and if so, this spring. The urgency is occasioned by the fact that funds which have been allotted for fencing are limited to the current fiscal year.

It will be appreciated if this request may receive your early attention.
