MEMORANDUM for Mr. Richey, Branch of Lands,
Director's Office.

When Mr. Batcliff and I went to Hovenweep last October, we had considerable difficulty in finding the ruins and felt strongly the need for a map showing the location of these ruins and a log of the approach road from Aikman. On returning to this office, I wrote to Ted Sowers and he replied that he had made such a map and that it had been photostated. However, I had never seen such a photostat and staff members of the Regional Architect's Office know of no such photostat. I should like to have a number of photostats of this map made so that they may be distributed to Service personnel who may have occasion to visit Hovenweep, and I shall appreciate any information you may care to give me that will lead to obtaining the original of this map so that additional photostats may be made.
