Assessment @ SCU Library

Jennifer Nutefall
AJCU Library Directors Meeting
April 18, 2016
Overview

- Strategic plan priority: Cultivate a climate of assessment
- Assessment Coordinator/Instruction Librarian hired in December 2014 – title changed to Head of Instruction and Assessment in January 2016
- Assessment Committee created in March 2015
- Assessment dashboard released in January 2016
Assessment Committee

- **Purpose:** The assessment committee will support the visioning and implementation of the University Library’s efforts to build a climate of assessment. The committee will support the development of a training/speakers series program, identify available resources for assessment and promote assessment activities among library staff.

- **Goal:** Build a climate of assessment that all library staff feel connected to and engaged in.
Definition of assessment

- Santa Clara University Library engages in ongoing, holistic assessment of services, resources, and practices. We apply transparency, inclusivity, and collaboration to data-informed practices to maximize the value of the library for the SCU Community. Our approach to assessment is rooted in the values of rigor, curiosity and reflective practice with the aim of growth, improvement, and innovation. (draft 3/10/16)
Assessment Projects

- Instruction
- Space
- Collections (print and electronic)
- Other activities
- Assessment dashboard
